

# Love Downtown

Koinonia Family,

If you haven't heard – the offices are open and the staff has moved in. Praise Jesus!

Even though we are 'in' there is more to do. The phone system and computers are not complete but will hopefully be finished by next week. I sincerely apologize for any inconvenience.

One Eleven, our soon-to-be-launched downtown coffee shop, is still in process and I want to be assured that all is functioning well – all our "t's" are crossed and "i's" are dotted before opening to the public. We don't anticipate that being a long time – as you can see from the pictures – things are moving quickly.

As I mentioned in our last update: Finances are continuing to come in at a good pace thanks to your faithfulness.

Even though the Love Downtown campaign is an 18-month long fund raising drive – we have been able to keep up with costs and pay on a cash basis.

With your continued faithfulness to complete the commitment you made toward this project – the office and One Eleven will be debt free by the end of the 18 months – God willing!

Next up: The completion of One Eleven and a Grand opening. To be continued...
