

HELLO NEIGHBORS

We are Rene and Jennifer Solis; we live in the gray house at ----. Some of you we've talked to, some we smile and wave at each other, or you may have seen us out walking our dogs, or even wondered why we have matching SUVs - ha!

We wanted to gift these to you and your family. We are virus-free, but still decided against homemade during this uncertain time. When this is over, we would love to bake you our favorite cookies!

Interesting thought, we purchased this chocolate right after Valentine's Day, because if you know me (Jen), you know there was a deal I couldn't pass up! I wondered what it could be used for; we had no idea we would soon be experiencing an order of "Shelter-in-Place." We were also lucky enough to have plenty of toilet paper already.

Next, we wanted to connect with you, our closest neighbors. Maybe we can start a group text for when one of us needs a cup of sugar or plan a social-distancing event. Please reach out to us, if you are interested in connecting, anyway you prefer...

Rene Solis

Jennifer Solis

We're both on Facebook and Nextdoor.com, or you can even leave us a note on our doorstep as to how you prefer to connect.

Here are some other things our City is promoting to keep us all connected...

Hopefully this will make your stay indoors a little better. We hope you all stay healthy!
